# I. TIME PUZZLE

Students match the digital time to the analogue clocks.

Puzzles are included for o'clock, half past, quarter past and quarter to.

An optional recording sheet is included too!

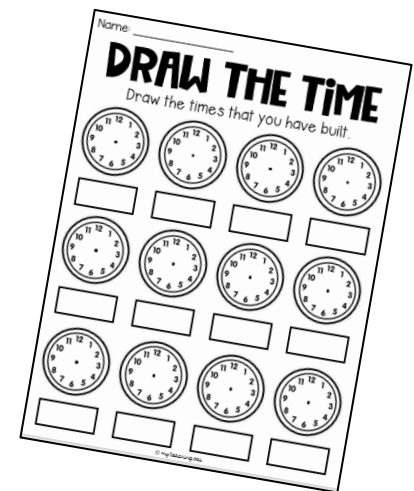

## 2. DRAW THE TIME

Students read the time and draw it on the clock using marker or playdough.

Pieces are included for o'clock, half past, quarter past and quarter to. Includes time words as well.

An optional recording sheet is included too!

# 3. WORD PROBLEMS

Includes 20 elapsed time word problem cards for hour and half hour time.

Also includes scaffolds to help students solve the word problems.

An optional recording sheet is included too!

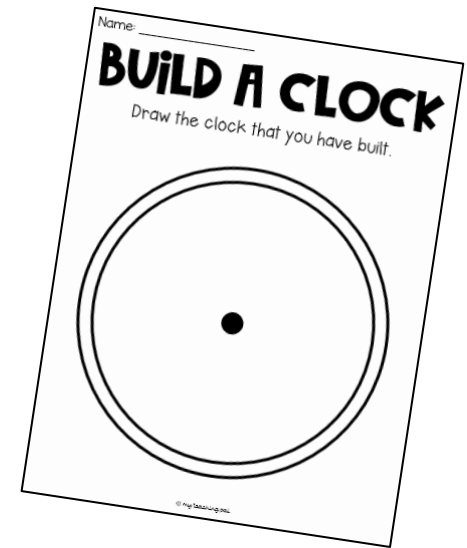

Two blank recording sheets for time word problems. Each sheet has a header with a clock icon, the word 'Name:' followed by a line, and the title 'TIME WORD PROBLEMS'. Below the title is a table with two columns: 'Number' and 'Answer'. The table has five rows. The sheets are identical and shown at an angle.

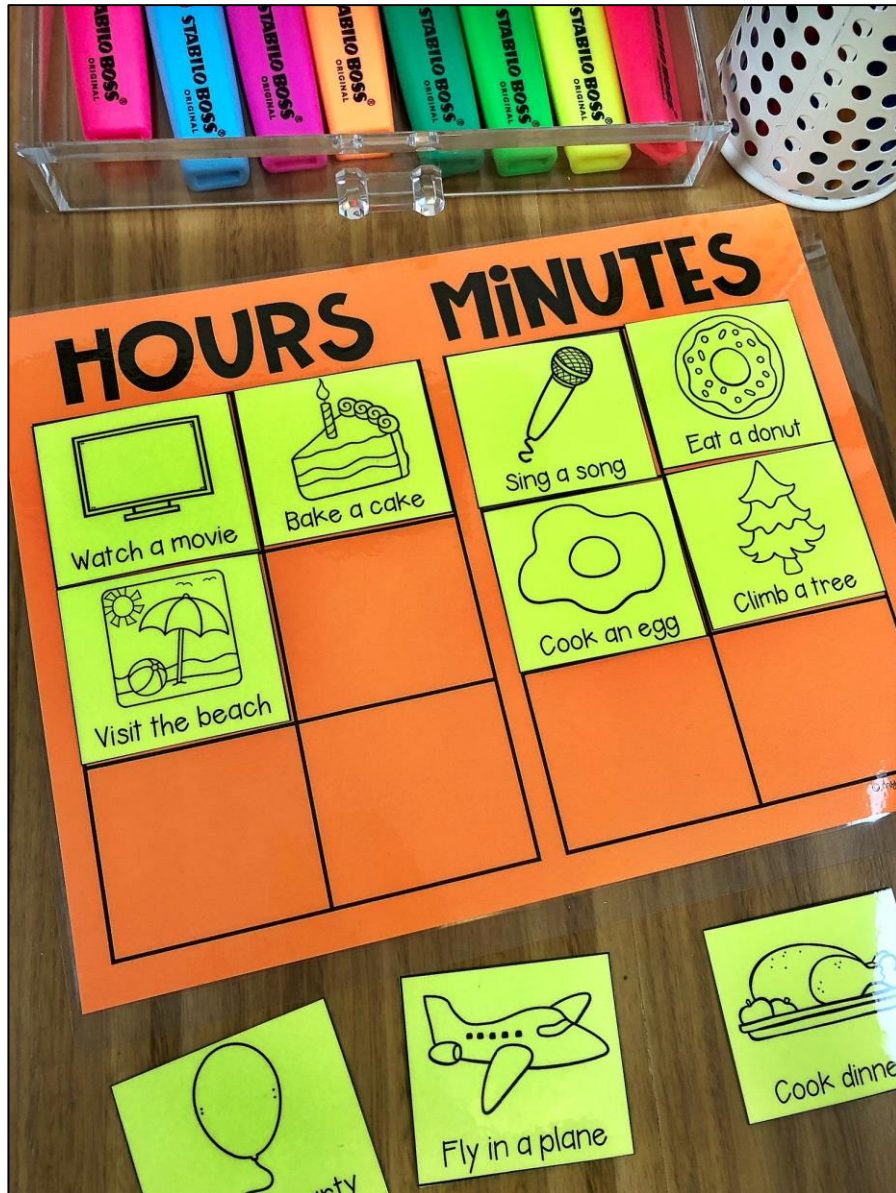

# 4. BUILD A CLOCK

Students build an analogue clock using the clock pieces.

An optional sheet is included for students to draw the clock they have created.

# 5. HOURS, MINUTES, SECONDS

Students sort the events by how long they would take to complete. 3 differentiated versions are included which also cover seconds.

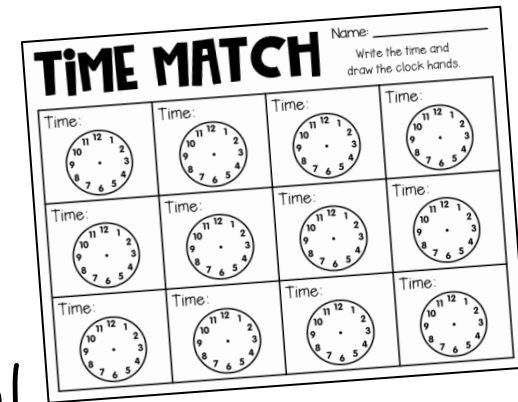

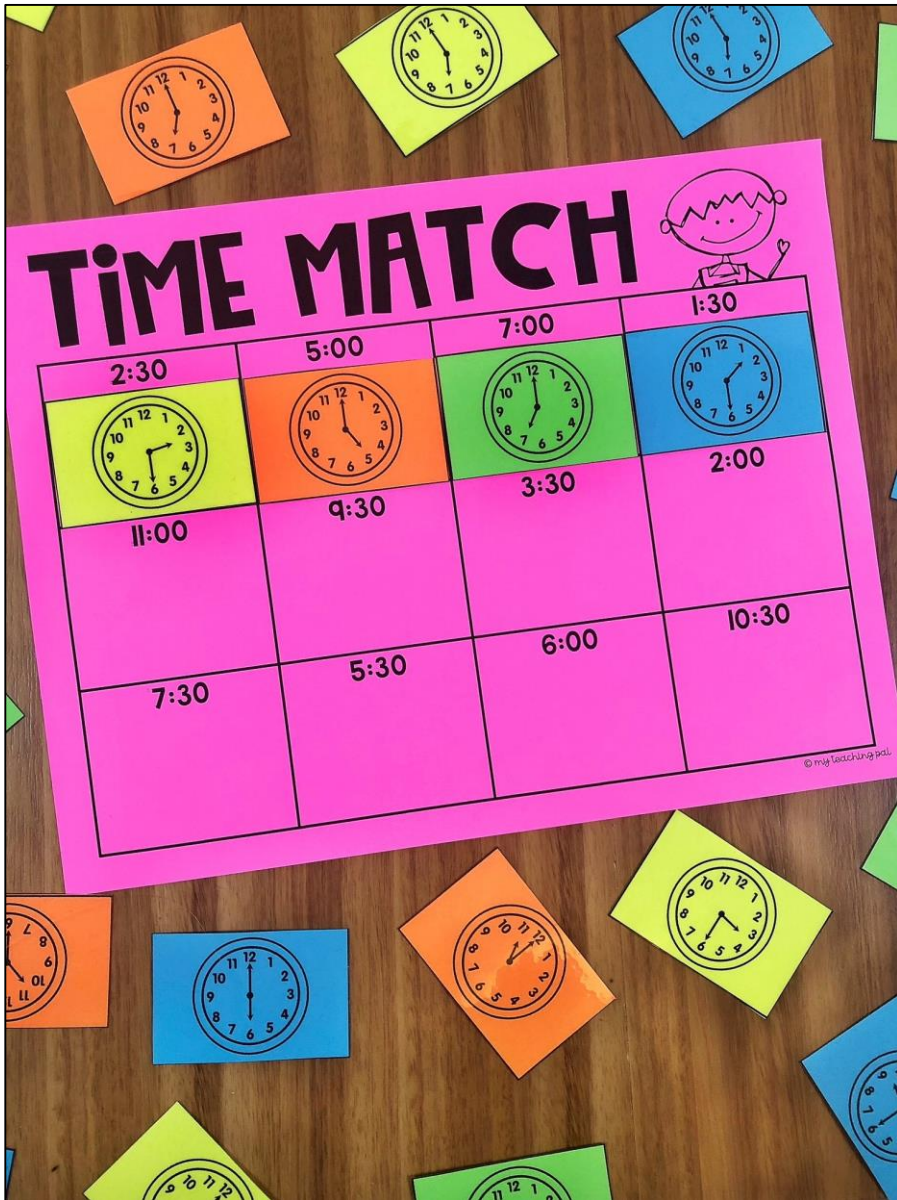

An optional sheet recording sheet is included too!

# 6. TIME MATCH

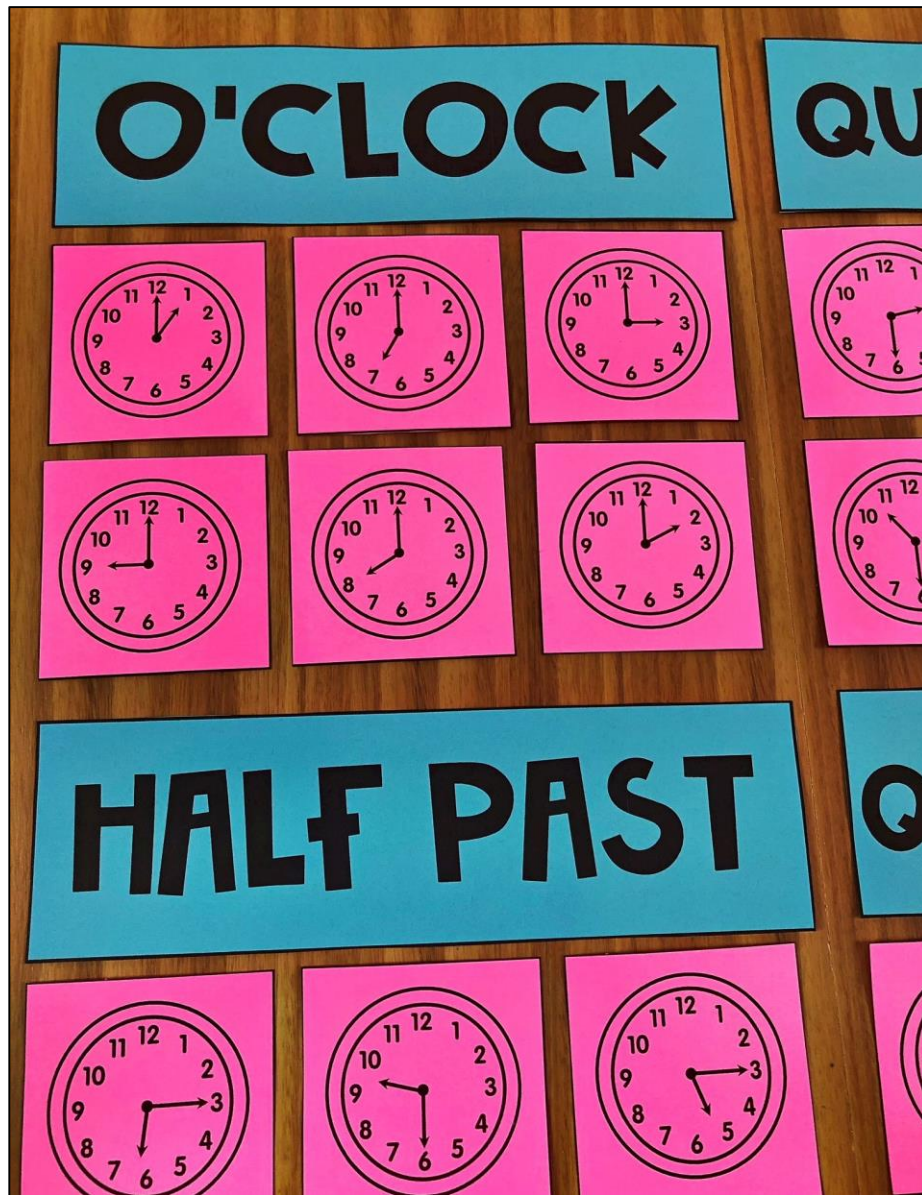

Students match the clocks to the times.

5 sets are included that cover o'clock, half past, quarter past and quarter to.

An optional sheet recording sheet is included too!

# 7. TIME SORT

Students sort the clocks under the matching heading.

Includes o'clock, half past, quarter past and quarter to.

# 8. AM OR PM

Students match the events to when they occur.

An optional sheet recording sheet is included too!
